# 1. THE HOST COUNTRY : REPUBLIC OF KOREA

The Korean Peninsula is located in North-East Asia. It is bordered by the Amnok River (Yalu River) to the northwest, separating Korea from China, and the Duman River (Tumen River) to the northeast which separates Korea from both China and Russia. The country itself is flanked by the Yellow Sea to its west and the East Sea to the east. There are several notable islands that surround the peninsula including Jeju Island, Ulleungdo and Dokdo.

The Korean peninsula is roughly 1,030km (612 miles) long and 175km (105 miles) wide at its narrowest point. Korea's total land area is 100,033 sq km, and it has a population of 51.18 million people.

Because of its unique geographical location, Korea is placed in a valuable strategic position and is an international hub of Asia. Mountains cover 70% of Korea's landmass, making it one of the most mountainous regions in the world. The lifting and folding of Korea's granite and limestone base create a breathtaking landscape of scenic hills and valleys.

The mountain range that stretches along the length of the east coast falls steeply into the East Sea, while along the southern and western coasts, the mountains descend gradually to the coastal plains that produce the bulk of Korea's agricultural crops, especially rice.

Today, Korea is an industrial nation standing tall on the world stage. Its semiconductor, automobile, shipbuilding, steel making, and IT industries are on the leading edge in global markets. It hosted the 1988 Seoul Olympics and the 2002 FIFA World Cup Korea/Japan.

More recently, Korean TV shows, films, and music are attracting many audiences in Asia and beyond, creating what is being called the "Korean Wave." Korea's new standing in the international community was highlighted in 2010 with the nation becoming the first Asian country to chair the G20 and host the G20 Seoul Summit.

## Climate and Weather

Autumn lasts from September to November, and produces mild weather. It is the best season to visit Korea. Lasting from September through November, the mild days of fall make it the most pleasant time of the year. The temperature varies greatly from day to night. The mountains, blanketed with vivid golden and red autumn leaves under the clear blue sky, are breathtaking.

## Future Policy Directions

In line with its vision of a "Global Korea," the Republic of Korea strives to carry out diplomacy in active cooperation with the international community.

Transcending differences in race, religion and wealth, Korea will foster ties of friendship with all nations and peoples. Respecting the universal values of democracy and the market economy, it will also continue to take part in the efforts by the international community for peace and co-prosperity.

The Republic of Korea will spare no efforts to develop and further strengthen relations with countries of the world not only in bilateral issues but also in the course of addressing common global challenges. While striving to secure a safe and stable supply of resources and energy by promoting the "Low Carbon, Green Growth" policy, Korea will seek to play a significant role in the international efforts to combat climate change.

## Economy

Korea's economy continues to thrive based on a stable political environment.

The economy of Korea is fundamentally a democratic free market economy with a capitalist economic policy. Korea rose from the ruins of the Korean War and underwent a rapid economic growth which was referred to as the Miracle of the Han River. Together with Taiwan, Hong Kong and Singapore, Korea was one of the Four Dragons of Asia that had demonstrated spectacular development during the period. From a nominal per capita gross national income of \$254 in 1970 ranking at 126th, Korea rose to \$22,670 in 2012. The foreign-exchange reserve stands at \$345

billion as of November 2013.

As the 12th largest economy, Korea is represented not only by the Samsung Group but also by numerous conglomerates in various sectors. Hyundai has secured its leading position in shipbuilding since 1983; LG leads in white consumer goods and POSCO is 5th worldwide in steel production. Of the 500 largest companies, Korea is home to 10. Recently, investment and support in future fields such as robotics and clean energy is on the rise.

## Sports Policy

Korea's policy in sports is based on improving public fitness, increasing quality of life, promoting national image and contributing to international relations. Various sports facilities are expanded to encourage public participation in everyday sports.

For structured growth of everyday sports, instructors are in each city, county and district. Facilities for handicapped people have improved and instructors for the disabled are separately allocated to encourage everyone's participation in sports. Furthermore, the establishment of training infrastructure for elite athletes and the expansion of training days for national representatives in sports are implemented to spur growth in sports.

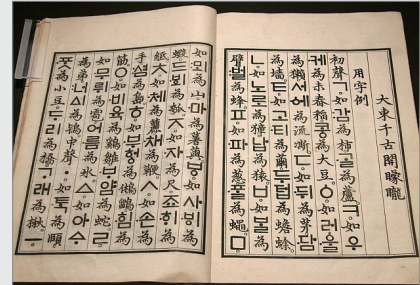

Various efforts are also being made to strengthen the competitiveness of professional sports and the sports industry through investment in sports industry R&D and the modernization of facilities.

The Korea Armed Forces Athletic Corps (KAFAC) is the sole sports division of Korea's armed forces, leading the growth of military sports and national sports development. The Corps takes the initiative in building sports relationships with civilians and is also emphasizing the importance of science based management of athletes.

In the past, Korea has hosted various international events such as the 1988 Seoul Olympics, the 2002 Busan Asian Games, the 2002 FIFA World Cup and the 2003 Daegu Universiade and has made a strong impression worldwide through top level facilities and management capabilities.

SUMOC is led by Chairman KIM Sang-ki, a former Army Chief of Staff and retired General. It is composed of 2 divisions, 9 departments, 33 teams, and ca. 220 personnel, with the following structure:

2 Divisions, 9 Departments, 33 Teams, 221 Persons  
 \*Joint civilian, government and military personnel

## 4.2. ORGANIZATION CHART OF CISM

## 5. PARTICIPATION

### 5.1. PARTICIPANTS

#### 5.1.1. Military Status

Only personnel in active duty as defined in the CISM Regulations Art. 7.21 of active CISM nations may take part in the 6th WG competitions as athletes. All military participants must hold the official military ID card from their respective Armed Forces or a form of verification (in English or French) of military status with passport. Any athlete who fails to present such a military ID card or form will not be authorized to take part at the 6th CISM World Games.

By signing the Final Entry, the Chief of Delegation confirms the active military status of the participating athletes.

#### 5.1.2. Composition of the Mission

Teams sent by their nations to participate in the Games are called “Missions.” The composition of a mission per sport is given in “Handbook II - Sports Information” Delegations are required to strictly respect the standard composition of a participating mission. No additional member may be included in the mission without special authorization from the Host Nation. SUMOC has no financial or organizational obligations towards people who are not included in the mission (relatives, spectators, etc).

In terms of age, persons less than 17 years of age cannot participate in CISM events under any circumstances.

### 5.1.3. Mission Officials

The main actors of a World Games are the athletes. In order to avoid missions with more officials than athletes, the proportion below must be respected by the participants.

ATHLETES	OFFICIALS (MAXIMUM)
1~3	2
4~6	3
7~8	4
9~10	5
11~20	6
21~30	11
31~40	13
41~50	17
51~60	21
61~70	25
71~80	29
81~90	33
91~100	37
101~200	41
201+	1 per 5 athletes

Note: any exception must be discussed and authorized by SUMOC

#### 5.1.3.1. Chief of Mission

The countries shall designate a Chief of Mission (preferably the Chief of Delegation) who shall be entitled to represent his/her Country. In case the Chief of Delegation attends the 6th WG, he must automatically be the Chief of Mission. No exceptions will be authorized.

#### 5.1.3.2. Deputy Chief of Mission

When the size of the Mission exceeds 30 individuals, every country can designate a deputy Chief of Mission according to the following table:

Mission Size	CoM	Deputy CoM
1~30	1	0

121~150	1	4
150+	1	5

#### 5.1.3.3. Referees and Judges

Any mission must bring at their own costs the necessary referees and judges. In case a mission cannot bring with their mission the necessary referees and judges, a written request must be sent to the organizer along with the 2nd Preliminary Agreement of participation.

SUMOC kindly requests the referees/judges to bring their current standard uniform (if any) received from the correspondent International Federation in order to standardize the uniforms and also to wear the official ones determined by the IF.

For some sports, SUMOC, together with the PCSC, will determine which countries are requested to bring one or two Jury members.

#### 5.1.3.4. Sports Officials

For Team Captains, trainers/coaches, medical staff, etc., it is possible to find all the details in the "Handbook II - Sports Information."

#### 5.1.3.5. Other People

All other people, such as spectators, relatives, friends, etc. are welcome to the Games and can obtain entrance ticket to the ceremonies and to the sports events. They must organize their own board, lodging, and local transportation. CISM and SUMOC do not have obligations toward these people.

## 5.2. WITHDRAWAL OF PARTICIPATION

Any nation that withdraws participation in the 6th WG, after having sent a final entry form, is requested to notify SUMOC at least one month before (2 September 2015) the opening of the Games (with copy to the SG). An amount fixed by the BoD will anyway be charged for administrative costs. Every nation not informing the

Organizing Committee of its withdrawal will also be obliged to pay administrative costs.

### **5.2.1. Withdrawal of the whole Mission**

Such nation would have to pay a penalty charge to be fixed by the BoD at its 2015-1 meeting. Any nation not informing SUMOC of its withdrawal, in addition to the above administrative cost, will also have to pay another penalty charge to be determined by the BoD at its 2015-1 meeting. In this case, the debts will be added to the amount of the withdrawn country's CISM annual membership fee.

### **5.2.2. Withdrawal of a part of the Mission**

If a mission does not bring an athlete or team (teams sports) previously enrolled in the final entry, they will have to pay a penalty charge per capita to be fixed by the 2015-1 BoD meeting. Any payment shall be made to SUMOC upon arrival and registration in Korea. Any Mission refusing to pay the penalty charge will be refused participation in all events.

### **5.2.3. Late withdrawal of teams officially registered for team sport competition**

Football, Basketball, Handball and Volleyball are team sports program at the 6th MWG. Organizing team competition does not allow much flexibility. Any late withdrawal of one team shall negatively impact the whole schedule of competitors and will be harmful for all. In this sense, any mission withdrawing from a team sport competition after sending the second preliminary agreement will have to pay USD 10,000 penalty to SUMOC. The number of teams in each competition and the continental representation will be determined by SUMOC, the CISM CC in consultation with the respective PCSC and the continental president. Corresponding drawing of lots will be organized after March 31st, 2015.

## **5.3. TRAVELLING**

As a general rule, traveling expenses of participating authorities and missions to the site of the 6th WG are borne by the delegations they belong to. Local transportation will be organized by the SUMOC.

## **5.4. ARRIVALS**

### **5.4.1. General**

As a general rule, missions are required to strictly comply with the scheduled arrival dates fixed in the General Schedule of Events of the "Handbook II - Sports Information".

If your mission is arriving split into various groups, please specify the different flights.

### **5.4.2. Passport/Visa, Customs and Vaccination**

All participants have to ensure that all their travel documents are up to date for entry into Korea such as passport and visa (if required). As visa service upon arrival is not available, measures must be taken accordingly.

For detailed information and requirements, please inquire the Korean embassy or a consulate serving your country.

Please also refer to the Republic of Korea Ministry of Foreign Affairs website:

<https://www.mofa.go.kr>

Enclosed in the Invitation you can find forms to facilitate the entry of weapons, ammunition, and drugs. Please correctly fill in the forms in order to avoid any inconvenience upon arrival.

### **5.4.3. Early Arrival of an Expected Mission**

In principle, SUMOC will not accept Missions arriving before the scheduled dates. In all cases, missions arriving early must pay the extra accommodation costs

to SUMOC upon their arrival. In case the mission is not able to pay these accommodation costs, the mission will not be allowed to participate in the Games. For any doubt and/or clarification, please contact SUMOC. SUMOC has no obligation concerning training and transport. Expenses for these are due to the missions.

#### **5.4.4. Late Arrival of an Expected Mission**

##### **a) Before the Preliminary Meeting**

Expected missions will have normal participation.

##### **b) After the Preliminary Meeting (drawing of lots)**

Before the start of the competitions the expected missions will have normal participation. During the preliminary meeting, the athletes and teams are placed by drawing of lots following the same procedure as the present missions.

After the start of the competitions, the expected missions will be allowed to compete following the planned program. On no account shall the events in progress or those already completed be repeated.

The drawing of lots for the events will not be repeated. The teams and individuals of the late missions are placed, at the convenience of the Technical Jury, in those positions which will not affect the drawing of lots.

- Teams: all matches or events not played are to be forfeited.
- Individuals: all events not participated in are lost.

#### **5.4.5. Arrival of an Unexpected Mission**

SUMOC will not accept participation of unexpected missions. Missions that have not submitted the Final Agreement before the deadline must inquire SUMOC for participation.

If SUMOC authorizes the participation and the mission arrives after the Preliminary Meetings, on no account should the events in progress or those already completed be repeated.

#### **5.4.6. Late Replacement of Mission Member**

Missions must notify SUMOC of any changes to the composition of the Mission (officials or athletes) after sending the Final Agreement. The enclosed Late Replacement Form (LRF) must be used. If the mission does not inform the changes before arriving in Korea, SUMOC may refuse the participation of the replacement as well as charge the penalty stated in item 5.2.2 of this Handbook I.

### **5.5. DEPARTURES**

#### **5.5.1. General**

As a general rule, missions are required to strictly comply with the scheduled departure dates fixed in the General Schedule of Events of the "Handbook II - Sports Information." If a mission is departing in separate groups, all the separate flights must be specified.

#### **5.5.2. Early Departure**

No sanctions will be applicable if an athlete or mission leaves the Games with the approval of CISM because of absolute necessity or in case of emergency (e.g. injuries, flight connection problems, death of a family member, etc.).

In all cases, missions leaving after the fixed date must pay extra accommodation costs. For any doubt and/or clarification, please contact SUMOC.

## 1. 1 Chairman Greeting

On behalf of the Organizing Committee I would like to extend my most sincere welcome to all those wishing to attend the 6<sup>th</sup> CISM World Games sports festival of friendship and peace, under the motto, “Friendship Through Sports.”

2015 is a historically significant year as it marks the 70<sup>th</sup> anniversary of the independence and the division of the Republic of Korea. I believe it is greatly meaningful that military servicemen from around the world come together to the last remaining divided nation to fight for peace through sports.

Not only has the Organizing Committee prepared flawless operation of the Games through cutting-edge Information Technology, but also will prepare to provide various cultures to experience the rich culture and affection of Korea so that the Games may become the core of festivities for military servicemen around the world.

The Guidebook will aid you from your arrival to your departure and contains various informations related to the Games such as sports venues, athletes’ village, and accommodation.

I hope that this will help all those preparing to participate in the Games. I look forward to meeting all of you in October, the most beautiful season Korea has to offer.

I would like to extend my deepest gratitude to all the athletes, officials, and Games-related personnel.

6th CISM World Games Organizing Committee Chairman KIM, Sang-ki

## ❖ Arrival/Departure Support

SUMOC will provide services to support the related authorities who arrive and depart through Incheon International Airport, Cheong Ju International Airport, and Daegu International Airport during September 29 ~ October 13 2015 with welcome/farewell, protocol, customs clearance, quarantine, and other arrival and departure procedures.

### 1. Arrival Procedure

**Quarantine ⇒ Immigration ⇒ Baggage Claim ⇒ Animals and Plants Quarantine ⇒ Customs Inspection (carry-on, equipments, weapons&ammunition) ⇒ Boarding of bus (1<sup>st</sup> and 14<sup>th</sup> platform)**

#### 1.1 Quarantine

In order to prevent the inflow of contagious disease through foreign entrants, cargo, and means of transportation, flight attendants and passengers from nations designated as “Infected Area” by the Minister of Health and Welfare need to fill out and submit his/her health status (diarrhea, vomit, stomachache, fever, etc.) on the “Health Questionnaire.” Representative flight attendant for Korean national airlines and the ground crew member for foreign airlines must submit them immediately after arrival.

Even if you have not filled out the “health status questionnaire,” please contact the quarantine officer in case of diarrhea, fever, cough, etc. (☎ 032 740 2706). Entrants suspected to have contagious disease in the procedure of fever surveillance and submitting the questionnaire will go through bacteria and virus inspection (and will be individually informed after 3~4 days).

- Types of Inspection: Cholera, Enteritis, Vibrio vulnificus, Typhoid, Shigella sonnei, Enterohemorrhagic E. coli, SARS/Avian influenza, and more
- The Korean government will bear the cost for quarantine and treatment of legal infectious disease type 1. Other bacteria will be individual responsibility.

## 1.2 Immigration Check

As soon as you arrive in Korea, please wear (on your chest, neck) the AD Card (Accreditation Card, picture 1) downloaded from the SUMOC homepage so that the immigration officer and the SUMOC staff can spot you easily. Not only does the AD Card prove that you are a participant, but also will allow speedy immigration and help the SUMOC staff identify and support you.

If you do not wear the AD Card, entrance may be denied and please note that you cannot receive help from the SUMOC staff. While wearing the AD Card, you must submit your passport, Visa, and arrival card to the participant-exclusive immigration desk. Except for cases when bio information (such as fingerprints) are exempted during examination, you are required to provide fingerprint and face information according to 2 of Article 12 of Republic of Korea Immigration Control Law. If there are problems in the process of immigration, please look for SUMOC staff wearing the SUMOC uniform and ask for help.

### Important Notice to Remember

**It is expected to be hectic and crowded during the three day intensive entry period of the 6<sup>th</sup> CISM World Games. Wearing the AD Card will minimize the confusion so we hope you will actively participate.**

So, please coordinate beforehand with SUMOC or the official freight forwarding companies. There will be extra fees in using the official freight forwarding companies and the participating nation will be responsible for the payment.

### 4.2.4 Matters To Be Noted for Consigned Cargo

We will notify the “Cargo Forwarding Notice” through the Arrival/Departure Customs Guide.

When the unattended luggage with the receiving address as the “6<sup>th</sup> CISM World Games Organizing Committee” arrives, the official freight forwarding company of SUMOC will custom or send back the luggage. In this case, there will be extra fees. The participating nations will be responsible for the payment of the freight fee and extra fees.

※ Customs may be delayed and part or all of the luggage may be returned because quarantine or authorization may be needed according customs regulations and the articles in the consignment.

### 4.3.3 Matters to be Noted for Consignment

A “Cargo Forwarding Notice Form” must be sent to SUMOC (International Department) with sufficient time. The “Cargo Forwarding Notice Form” will be sent together with the Immigration Customs Guide. When the cargo with the receiving address as the “6<sup>th</sup> CISM World Games Organizing Committee” arrives, the official freight forwarding company of SUMOC will custom or store (return) the luggage. In this case, there will be extra fees. The participating nations will be responsible for the payment of the freight fee and extra fees.

## ❖ **Anti-Doping** Prohibited Substance Standard / Doping Distribution Planning

### International Standards for Prohibited Substance

- The use, concealment of use, and attempted use of prohibited methods such as intake, inhale, injection, adhesion, blood intake, transfusion, and artificial oxygen intake are violations of the anti-doping rule. Therefore, each mission must be familiar with the WADA Anti-Doping Code.

※ WADA Anti-Doping Code: <https://www.wada-ama.org/en/resources/the-code/world-anti-doping-code>

- WADA selects, lists, and announces every September, the substances and methods that have the effect of performance enhancement or pose health threats. This is called the “International Standard Prohibited List” and will be taken into effect starting on January 1<sup>st</sup> of this year (Jan. 1, 2015).

※ WADA Prohibited List : <https://www.wada-ama.org/en/resources/science-medicine/prohibited-list>

### Test Distribution Planning

- All athletes can be subject to testing.

However, there are realistic limitations in testing all athletes. As a result, subjects will be chosen according to the Test Distribution Plan decided by the CISM Sports Medical Committee and CISM Anti-Doping Committee. The choosing procedure will be random, by grade, or by target.

### TUE : Therapeutic Use Exemptions
