15. CLASSIFICATION

Athletes that has not previously been classified, i.e. athletes with a New "N" Sport Class Status that have not previously gone through international classification will be classified. Classification will be held on December 2, 2017. A schedule for teams and athletes will be set up by the AFTU/OC in consultation with the WTF and communicated to all teams in due course. **Please note that the WTF reserves the right to call any athlete to International Classification even if the athlete holds a different Sport Class Status than NEW.**

Athletes found that does not meet the Minimum Impairment Criteria (MIC) and are found Not Eligible (NE) will not be allowed to compete in the Para Taekwondo

Competitions of the 2017 IWAS World Games.

16. CLASSIFICATION SCREENING

In the case that you are uncertain if your athlete will meet the Minimal Impairment Criteria (MIC) for participation in the K40 Sport Classes please find attached Classification Screening Form. Fill out the form and send it back to the WTF at para-tkd@wtf.org along with photos of the athlete's impairment and relevant medical documentation.

The information will be passed on to the WTF Classification Committee and you will be provided an answer to if your athlete meets MIC or not.

The Classification Screening process can take up to one (1) month. Accordingly, please submit your documentation in a timely manner.

Please be advised that Classification Screening does not replace classification and that the athlete will still have to go through classification at the championships.

17. DURATION OF CONTEST

All Para Taekwondo competitions will be held in accordance with the most up to date WTF Para Taekwondo Competition Rules.

Competitions will be held over three (3) rounds of two (2) minutes. Slight adjustments to the round length might be made for the K41 Sport Class.

18. PROTECTOR AND SCORING SYSTEM HIT LEVELS

Daedo Generation 2 PSS will be used during the Para Taekwondo Competitions of the 2017 IWAS World Games and the following sizes and hit levels will be used:
